Dear NRC colleagues,

The Navy has sent out its draft report with results from its data evaluation of Parcels B and G. Please see attached. This has been sent outside of the Federal government for review by state and city regulators. So it is not an internal draft.

I have sent the same file to you via OneDrive, but sometimes that method doesn't work as well. In addition, here is a link to that folder: [https://usepa-my.sharepoint.com/personal/lee\\_lily\\_epa\\_gov/Documents/Share%20Forms/Draft%20Parcels%20B%20and%20G%20Soil%20Report?csf=1](https://usepa-my.sharepoint.com/personal/lee_lily_epa_gov/Documents/Share%20Forms/Draft%20Parcels%20B%20and%20G%20Soil%20Report?csf=1)

Pat Brooks is the Navy lead on the team that produced this, and I am resending his contact information below. And of course you can always contact me any time.
